Jil Side Table
Technical Specifications

Tait.

UPDATED • 04.11.26

A timeless design transcendent of fads the Jil Side Table - an elegant, premium outdoor side table - has a wireframe structure that delivers an elegant form and fine-lined profile. Perfect for home, hospitality, work – inside and out.

FEATURES

- Triple coated mild steel frame
- UV stable powder coat colour or galvanised finish
- UV stable nylon glides
- Top options include spun metal & compact laminate

The Jil Side Table is a new design classic. A timeless profile transcendent of fads, Jak & Jil's wireframe structure delivers graceful form and a fine-lined silhouette. Designed by Justin Hutchinson for Tait, this cohesive collection incorporates dining and bar compositions, occasional tables and a variety of seating options.

Perfect for home, hospitality, work – inside and out – mix and match finishes from a wide range of durable, powder coat colours and top options.

The Jak seating ensemble has graceful form, fine-lined profiles and stylishly tilted backrests. Jil Tables are elegant outside and in and take shape in Dining Table, Bar Table, Coffee and Side Table formats that can pair with a range of tops.

The Jak & Jil Collection is manufactured with mild steel and the Jak seat pad, incorporating premium exterior-grade foam and upholstered in a selection of luxurious outdoor fabrics, softens the raw materiality of the collection, providing superior comfort.

The Jak & Jil Collection is revered by architects and designers alike for its ability to speak to a range of residential and commercial contexts along with the assurance of genuine local manufacture using sustainable methodologies, quality craftsmanship supported with a manufacturer guarantee and product longevity.

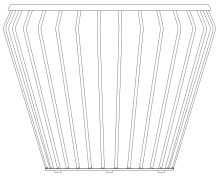

Spanning commercial to residential and hospitality to corporate applications, each piece in this comprehensive collection is designed for outdoor use, though is equally at home indoors.

All Tait pieces are made locally and come with a 10-year warranty.
Tait's original designs are protected under design registration and copyright.
