Lily Tray Table

Tait.

Marking Tait's first collaboration with Melbourne designer Nancy Ji, the Lily Tray Tables - an exquisite illustration of luxury modern outdoor tables - was the winning design of the 2016 Mercedes-Benz Design Award by Broadsheet. Blending the functions of both tray and table and conceptualised from the lily pad - one will never be enough of the Lily Tray Table.

FEATURES

- Triple Coated steel frame
- Aluminium tray
- UV stable powder coat
- UV stable nylon glides

The novel design incorporates a lily pad-inspired tray manufactured with lightweight aluminium that is removable from a separate table base, allowing the user to transport food and drink outside.

The stainless steel table base features a second circular shelf to provide additional storage for ice buckets, decanters and bottles. Smaller than the tray, the shelf is sheltered while a fine band ensures further securement for its contents.

The Lily Tray Table can be selected as either a Side Table or Coffee Table, further reinforcing its practicality and sophistication as a lifestyle essential for both residential and commercial contexts. Striking as a stand-alone piece, the tables can also be nested together.

Engineered with the highest quality of materials, the durability of the stainless steel frame combined with the aluminium tray ensures protection from harsh environmental factors such as sunlight, coastal air and chlorine contact.

Spanning commercial to residential and hospitality to corporate applications, Drum Planters are designed for outdoor use but are equally at home indoors.

Outside or in, Lily Tray Tables slide effortlessly into any social situation be it home, work or recreation and is revered by architects and designers alike for its ability to speak to a range of residential and commercial contexts.

The Lily Tray Table provides the assurance of genuine local manufacture using sustainable methodologies, quality craftsmanship supported with a manufacturer guarantee and product longevity.

Spanning commercial to residential and hospitality to corporate applications, the Lily Tray Table is designed for outdoor use, though is equally at home indoors.

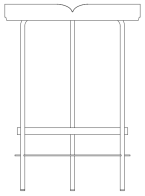

All Tait pieces are made locally and come with a 10-year warranty.
Tait's original designs are protected under design registration and copyright.
