Softline Planter – Curved Square

Tait.

Our Softline Planters are delightfully contemporary outdoor metal planters ideal for bringing life-affirming plant life and green living into a space, whether home or work, outdoors or in. It's the elegant, curved corners of this series of planters that give the Softline Collection its name. Sharing the graceful lines that define the collection, Softline is available in a range of dynamic shapes – Soft Square, Soft Rectangle and Soft Triangle, as well as D-shape, Pill, Circular, Square and Rectangle. Custom planter shapes and sizes are also available.

FEATURES

- Made from recyclable aluminium sheet
- UV stable powder coat
- Choice of concealed aluminium risers or stainless steel castors
- Optional mulch plate and flower buckets
- Drainage holes are located in the base plate
- Fully sealed base available
- Customisation is available, please check with your nearest Tait showroom

With the infinite potential of building blocks, the Softline Planter Collection can be used as singular points of interest within a space, grouped in a setting for impact, or deployed as tools to define zones or circulation paths. The Curved Squared design features a softer profile, whilst the Square design has a more straight-edged profile (that neatly adjoins when grouped). Both come in a range of sizes for varying numbers of plants, and height options to enable a lower or more elevated plantscape.

Softline planters come with drainage holes in their base as standard for use outdoors and direct planting, with optional mulch plate. For indoor use choose a sealed base and plant into pots. Castors (for mobility) or risers (for stability) are concealed within the base.

Spanning commercial, from residential, hospitality, retail, health and corporate applications, Softline Planters are designed for outdoor use but are equally at home indoors, sliding effortlessly into any plant-enhanced environment.

Crafted in durable aluminum using sustainable methodologies, Softline is designed for refurbishment, ensuring the product remains fit-for-use for years to come.

All Tait pieces are made locally and come with a 10-year warranty.
Tait's original designs are protected under design registration and copyright.
